Carlton Fields is one of only a small group of firms with at least five attorneys on the list. Published by BTI Consulting Group, the Client Service All-Stars list recognizes a select group of attorneys whom corporate counsel identify as being practical, savvy, in the know, available and responsive, nimble, and skilled to deal with complex issues. The results are a data-driven ranking based on more than 350 interviews with top legal decision-makers at large organizations with more than \$700 million in annual revenue. No law firm submissions, referrals, suggestions, or payments are accepted for inclusion.
