October 24, 2022

The *No Password Required Podcast* is dedicated to introducing and celebrating the practitioners, leaders, researchers, and individuals who are shaping the cybersecurity industry. Join us for an in-depth conversation that explores our guests' personalities, expertise, and the path that led them into cybersecurity. The team also discusses current cyber threats and readiness tips for security professionals and business leaders alike.

Charles Shirer is the Chief Executive Officer of GlobalWave Consulting, an IT and cybersecurity consultancy. Known as the @bsdbandit to his 20,000+ Twitter followers, Charles is often considered the most positive person in cybersecurity (and for good reason!). In this episode, Charles joins the No Password Required team to tell us about how his childhood love for video games led to his passion for everything computer-related, what inspires him to share motivational messages on Twitter, and the importance of striving for a positive mindset in life. Jack and Ernie discuss the United Kingdom's potential privacy enforcement against TikTok, and the regulatory regime for collecting the personal data of minors.
