

A Year After the ICO Craze, Here Come the Lawsuits

July 17, 2018

Carlton Fields attorneys Justin S. Wales and Arnaldo C. Rego Jr. were each quoted in an article in the bitcoin trade publication *Longhash*. Wales, chair of the firm's Blockchain Technology and Digital Currency Task Force, and Rego offered insights on potential litigation over initial coin offerings, or ICOs.

"Our firm's class action practice is gearing up to defend the [blockchain] industry in what will be a wave of class action lawsuits that are already starting to be filed," Wales told *Longhash*.
