

Carlton Fields' TMap Tool Featured in Media

December 10, 2019

Carlton Fields' proprietary [TMap tool](#), which was launched in December 2019, has been featured in the *World Trademark Review* and the *Tampa Bay Business Journal*. The interactive, digital tool provides portfolio clients with a comprehensive map of their pending and active trademark applications and registrations worldwide. The tracker was developed as part of Carlton Fields' annual Innovation Challenge that invites the firm's lawyers and professionals to incubate ideas that help clients maximize their efficiency and quality. For more information on the TMap system, please visit [here](#).
